

# JEPHONE ISRAEL JIREH S. TORRE

Jephoneisraeljireh.torre@wvsu.edu.ph – +639507553171

## EDUCATION

**West Visayas State University (WVSU)**

*Fourth-year in Bachelor of Science in Computer Science*

Iloilo, PH

2025-2026

## RELEVANT WORK EXPERIENCE

**Administrative Support and Data Management Assistant**

Iloilo, PH

**Provincial Volunteers of Barangay Health Workers Association of Iloilo Province Inc.**

July 2022 – August 2025

- Document editing, formatting, and design support – polishing content (PPT, Excel, posters), improving visuals, and ensuring materials meet the association's standards.
- Assisted in maintaining payroll records for BHWs at the municipal and provincial levels.
- Compiled and updated the BHW master list (municipal, provincial, regional) and supported data entry for the BHW National Registry.

**Work Immersion Trainee – 2 weeks**

Iloilo, PH

**Barangay Zone 2, Santa Barbara, Iloilo**

March 2019

- Encoded and organized records using Excel.
- Assisted in sorting and arranging official documents for barangay operations.
- Acted as temporary secretary in the absence of the Barangay Secretary, managing clerical tasks independently.
- Helped troubleshoot and maintain computers, printers, and other office equipment.

## RELEVANT PROJECT EXPERIENCE

**UI/UX and Web Development Projects**

Iloilo, PH

**Group Project**

**Sentisize** – Emotion-diary app

Apr. 2025 – Jun. 2025

UI/UX Designer

- Collaborated in developing Sentisize, an emotion-diary mobile app.
- Designed and prototyped user flows, wireframes, and high-fidelity mockups in Figma.
- Contributed to coding the front-end interface, ensuring responsive design and intuitive interaction.
- Conducted usability testing and iterated based on feedback to improve overall user experience.

**iLuwagan** – Mobile Paluwagan App

Aug 2024- Nov 2024

Project Lead & UI/UX Designer

- Spearheaded iLuwagan, a mobile paluwagan app project.
- Created the full UI/UX prototype in Figma and led the project pitch video presentation.
- Directed design decisions and collaborated with developers for implementation.
- Focused on seamless user journey for registration, contribution tracking, and group management.

**Kantonize** – SaaS web app

Mar 2025-April 2025

UI/UX Designer

- Collaborated on Kantonize, a SaaS web application.
- Designed wireframes and interactive mockups using Figma, ensuring accessibility and scalability.
- Supported front-end integration with Next.js and Tailwind CSS to align design with development.
- Worked closely with the dev team to enhance visual hierarchy and intuitive navigation.

**Ipsync** – Internship and collaboration website

Jan. 2025 – Mar. 2025

UI/UX Designer

- Co-designed Ipsync, an internship and collaboration platform website.
- Developed prototypes in Figma, focusing on internship listings, collaboration tools, and student-company interactions.
- Refined visual identity and user interface to match branding and usability goals.
- Assisted in front-end structure to ensure design-to-code accuracy.

**Debunkr** – Fake news classifier

Apr. 2025 – May 2025

UI/UX Designer & Pioneer Contributor

- Contributed to Debunkr, a Filipino fake news classifier with a SvelteKit web app.
- Designed the initial UI/UX wireframes and prototypes in Figma, helping establish the project's core interface.
- Collaborated on front-end styling and component design to support real-time predictions.
- Ensured cohesive user experience from prototype to deployed product.

### ***Independent Project***

- NumericalCalculator – Simple interest calculator (Independently developed; handled both front-end design and functionality)

### **AI/ML Projects – Hugging Face**

- Developed and fine-tuned ML models (NLP, classification) and deployed them as interactive Streamlit apps with API integration.
- Implemented, tested, and ensured performance using Python and Hugging Face.

### **SKILLS**

---

**Language:** Conversational English and Tagalog; proficient in Hiligaynon

**Technical Skills:** Microsoft Office Suite (Word, PowerPoint, Excel), data encoding, document formatting, basic video editing, Programming: Python, C++, HTML, JavaScript, Next.js, Tailwind CSS

### **Freelance & Client Project**

---

#### ***Freelance Administrative & Design Assistant – Remote***

January 2023 – Present

- Assisted Barangay Health Worker (BHW) presidents with **SEC registration processes** and related administrative tasks.
- Designed and edited posters, presentations, and visual materials for community and association events.
- Ensured all materials were accurate, professional, and consistent with branding guidelines.
- Managed multiple projects simultaneously, meeting deadlines and client expectations.
